

Creative Core Connect

NY's Creative Core is helping North Country's businesses connect to customers through its business directory application for Apple, Android and Blackberry mobile devices. Users of the app can:

- Download the app at no cost.
- Search for businesses based on category type, by a personalized list of favorites, geographic area or by county.
- Create a "to do" list and arrange that list.
- Each business listing provides a link to the business' website, a push button call option, a map and a push button to get either walking or driving directions.
- The listings are set to filter based on a user's physical location so only those businesses in the area near to that person will be shown. A user can also choose to filter the listings by selecting a specific county.

If you would like your business included in the app (all basic listings are FREE) please provide the following information. ***It is important to note that there CANNOT be any abbreviations (e.g. "rd." This needs to be spelled out as in Road).***

Business Name: \_\_\_\_\_

Physical Address of Business (No PO BOX) \_\_\_\_\_

Phone Number: \_\_\_\_\_

County: \_\_\_\_\_

Website Address: \_\_\_\_\_

Submitted By: \_\_\_\_\_

To what category does your business belong? Pick ONE only, please.
