ST. LAWRENCE COUNTY
INDUSTRIAL DEVELOPMENT AGENCY

**CERTIFICATE OF THE CHIEF EXECUTIVE OFFICER
AND THE CHIEF FINANCIAL OFFICER**

**OF THE ST. LAWRENCE COUNTY INDUSTRIAL DEVELOPMENT
AGENCY**

Format Approved and Adopted on July 20, 2006 (Resolution No.: 06-07-10)

The undersigned, being the duly appointed chief executive officer and chief financial officer of the St. Lawrence County Industrial Development Agency (the "Agency"), hereby certify, pursuant to subdivision 3 of Section 2800 of the Public Authorities Law, as follows:

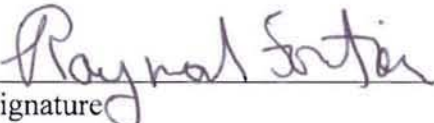

The financial information provided within the Annual Report of the Agency, dated as of March 31, 2007 (revised as of April 26, 2007), is accurate, correct, and does not contain any untrue statement of material fact. The Annual Report does not omit any material fact which, if omitted, would cause the report to be misleading in light of the circumstances under which the report and any such statements made therein are made. The Annual Report fairly presents in all material respects the financial condition and results of operations of the Corporation as of, and for, the periods presents in said report.

The Annual Report is hereby approved.

IN WITNESS WHEREOF, the undersigned chief executive officer and chief financial officer executed this Certificate as of the 31st day of March, 2007 and execute this revised report as of the 26th day of April 2007.

AGENCY HIGHLIGHTS

COMPLETE MINUTES & RESOLUTIONS CAN BE FOUND ON OUR WEBSITE

WWW.SLCIDA.COM

JANUARY 4, 2006

In addition to adopting its 2006 Budget, the Board took action reauthorizing a corporate alliance with Electric Strategies, Inc., a marketing firm which assists our efforts to have a presence in Canada. The Board also took action to support the Town of Massena Electric Department's Grasse River Hydro Project.

FEBRUARY 9, 2006

The Board authorized staff to retain legal services to assist in compliance with the requirements of the Public Authorities Accountability Act.

MAY 4, 2006

The Board authorized receipt of \$300,000 in CDBG funding for CoolBrands in North Lawrence. The project proposes to create 40 jobs and retain 143 jobs within St. Lawrence County over the next three years.

JUNE 15, 2006

The Board approved the Agency's 2005 Audited Financial Statements.

JULY 20, 2006

The Board approved an agreement with Tamarack to address outstanding loan obligations to the IDA, the IDA Local Development Corporation and outstanding tax obligations to St. Lawrence County. The Board also adopted policies, standards and procedures consistent with the Public Authorities Accountability Act.

AUGUST 9, 2006

The Board celebrated the Agency's 35th Anniversary during a meeting and reception in Ogdensburg, New York. Action was taken to accept as follows: Brian Staples, Chairman; Ernest LaBaff, Vice-Chairman; Lynn Blevins, Secretary; Raymond Fountain, CEO and Edwin Short, CFO. Members past and present and other dignitaries were in attendance.

SEPTEMBER 14, 2006

ZeroPoint Clean Technologies, Inc., seeking a location for the development of their prototype gasification units, entered into a short-term lease with the IDA for space in the IDA's Potsdam Commerce Park building.

SEPTEMBER 28, 2006

procedures.

The Board authorized the issuance of \$20,000,000 in Civic Facility Revenue Bonds to Claxton-Hepburn Medical Center. The project will add a third (Mental Health Center) and fourth (Obstetrical Unit) floor to the East Wing of the Medical Center, and will expand the first floor of the hospital to accommodate an increasing number of minor, outpatient surgical

The Board, in its continued development of the 16.3 acre Gouverneur Industrial Park, authorized staff to contract to have a tree border planted on the southeastern border of the Park.

OCTOBER 26, 2006

The Board authorized its Official Intent for Newton Falls Fine Paper Co., LLC, which proposes to acquire and renovate the former paper mill owned by Newstech New York, Inc. Closed since 2001, the reopening of the paper mill would provide a major boost to the economy of the Newton Falls area and would initially employ 97 individuals.

DECEMBER 5, 2006

The Board authorized an inducement resolution for EJ Noble Hospital of Gouverneur. This \$12,000,000 Civic Facility Revenue Bond project consisting of renovation and expansion of its medical-surgical area, laboratory, Human Resource and Support Services offices.

DECEMBER 19, 2006

The Board authorized action to retain a CPA firm to provide audit services. The Board also recommended Big Sky Airlines to provide essential air service to the North Country, replacing service currently offered through Midwest/Mesa.

Big Sky Airlines

MARKETING

The Agency continues its aggressive marketing program:

- Mailed 9,625 pieces of marketing materials regarding St. Lawrence County

- Trade show and seminar attendance:

- OCRI Showcase _____ March 2006
- Trade Americas Security Exhibition _____ May 2006
- Loan Seminar for Banking/Accounting _____ May 2006
- Montreal Manufacturing Technology _____ May 2006
- Ambassador's Residence Reception _____ May 2006
- Disaster Management & Homeland Security Trade Show _____ June 2006
- Workforce Summit 2006 _____ June 2006
- TechNet North _____ September 2006
- Ottawa Manufacturer's Workshop _____ October 2006

- Coordination of three Countywide Economic Developers Marketing meetings

- 140 "Come Farm With Us" folders mailed to potential new farm owner/operators interested in relocating to St. Lawrence County.

- Advertising and media promotion pieces were created and utilized, including placements in *North Country This Week*, *Area Development Magazine*, *Ottawa Citizen*, *St. Lawrence Newspapers*, *Absolutely Business*, *Expansion Journal Magazine* and *Watertown Daily Times*.

- Continuation of website upgrade project.

- Creation of the IDA's 2007 Strategic Marketing Plan.

CODE OF ETHICS

CODE OF ETHICS

Approved and Adopted on July 20, 2006
Resolution No.: 06-07-10

The members of the board (the "Board") of the St. Lawrence County Industrial Development Agency (the "Agency"), a duly established public benefit corporation of the State of New York (the "State"), along with the officers and staff of the Agency, shall comply with and adhere to the provisions of Article 18 of the General Municipal Law of the State.

Further, no director, officer, or employee of the Agency shall (1) accept other employment which will impair his or her independence of judgment in the exercise of his or her official duties; (2) accept employment or engage in any business or professional activity which will require him or her to disclose confidential information which he or she has gained by reason of his or her official position of authority; (3) disclose confidential information acquired by him or her in the course of his or her official duties nor use such information to further his or her personal interests; (4) use or attempt to use his or her official position to secure unwarranted privileges or exemptions for himself, herself or others; (5) engage in any transaction as a representative or agent of Agency with any business entity in which he or she has a direct or indirect financial interest that might reasonably tend to conflict with proper discharge of his or her official duties; (6) not, by his or her conduct, give reasonable basis for the impression that any person can improperly influence him or her or unduly enjoy his or her favor in the performance of his or her official duties, or that he or she is affected by the kinship, rank, position or influence of any party or person; (7) abstain from making personal investments in enterprises which he or she has reason to believe may be directly involved in decisions to be made by him or her or which will otherwise create substantial conflict between his or her duty in the public interest and his or her private interest; and (8) endeavor to pursue a course of conduct which will not raise suspicion among the public that he or she is likely to be engaged in acts that are in violation of his or her trust.

Any and all previously-approved Code of Ethics of the St. Lawrence County Industrial Development Agency are hereby rescinded.

INDEPENDENT AUDITORS' REPORT

MEMBERS
AMERICAN INSTITUTE OF
CERTIFIED PUBLIC ACCOUNTANTS
NEW YORK STATE SOCIETY OF
CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors
St. Lawrence County Industrial Development Agency
Canton, New York 13617

We have audited the accompanying financial statements of the governmental activities and each major fund of the St. Lawrence County Industrial Development Agency as of and for the years ended December 31, 2006 and 2005, which collectively comprise the Agency's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the St. Lawrence County Industrial Development Agency's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the St. Lawrence County Industrial Development Agency, as of December 31, 2006 and 2005, and the respective changes in financial position and cash flows, where applicable, thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

To the Board of Directors
St. Lawrence County Industrial Development Agency

The management's discussion and analysis and budgetary comparison information on pages 3 through 7 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 23, 2007 on our consideration of the St. Lawrence County Industrial Development Agency's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the St. Lawrence County Industrial Development Agency basic financial statements. The supplemental schedules listed in the table of contents are presented for additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the St. Lawrence County Industrial Development Agency's financial performance provide an overview of the Agency's financial activities for the fiscal year ended December 31, 2006. Please read it in conjunction with the Agency's financial statements.

HIGHLIGHTS

Financial Highlights

- Current assets were increased by \$870,374 mostly as an accrual on a receivable that is a pass-through to local jurisdictions.
- Net Assets increased by \$85,066 largely earned by increased interest rates on investments.
- Revenues in the amount of \$2,154,715 were disbursed to taxing jurisdictions throughout St. Lawrence County in the form of PILOT payments.

Agency Highlights

- The Agency authorized receipt of \$300,000 in CDBG funding for CoolBrands in North Lawrence. The project proposes to create 40 jobs and retain 143 jobs within St. Lawrence County over the next three years. 
- To continue its commitment to promote the county, the Agency attended six trade shows in Ontario and Quebec, held business attraction seminars at the US Embassy in Ottawa, the US Consulate General's Residence in Montreal, and at the Best Western University Inn in Canton. The Agency's 2006 marketing campaign also included 9,600 direct mailing pieces, and utilization of a variety of media promotion placements in *Canadian Defense Review*, the *Ottawa Business Journal*, the *St. Lawrence Newspapers*, *Absolutely Business* and the *Watertown Daily Times*. Additionally, the Agency convened or participated in a number of meetings with local, county, and regional developers and development organizations.
- The Agency approved an agreement with Tamarack to address outstanding loan obligations to the IDA, the IDA Local Development Corporation and outstanding tax obligations to St. Lawrence County.

- The Agency authorized the issuance of \$20,000,000 in Civic Facility Revenue Bonds to Claxton-Hepburn Medical Center. The project will add a third (Mental Health Center) and fourth (Obstetrical Unit) floor to the East Wing of the Medical Center, and will expand the first floor of the hospital to accommodate an increasing number of minor, outpatient surgical procedures.
- The Agency authorized its Official Intent for Newton Falls Fine Paper Co., LLC, which proposes to acquire and renovate the former paper mill owned by Newstech New York, Inc. Closed since 2001, the reopening of the paper mill would provide a major boost to the economy of the Newton Falls area and would initially employ 97 individuals.
- The Agency continues to improve its website, www.slcida.com . Originally designed as solely a marketing tool, the website has been redesigned to be more user-friendly and more informational. Most of the elements required under the Public Authorities Accountability Act have also been included. The website continues to evolve.

USING THIS ANNUAL REPORT

This annual report consists of three parts: Management's Discussion and Analysis, Financial Statements, and Required Supplementary Information. The Financial Statements also include notes that explain in more detail some of the information in the financial statements.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Agency's basic financial statements. The Agency's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Agency's finances, in a manner similar to a private-sector business.

The *statement of net assets* presents information on all of the Agency's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Agency is improving or deteriorating.

The *statement of activities* presents information showing how the Agency's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*.

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused compensated absences).

The government-wide financial statements outline functions of the Agency that are principally supported by property taxes and intergovernmental revenues (*governmental activities*). The governmental activities of the Agency include the capitalization of industrial development in St. Lawrence County.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Agency uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Agency can be divided into two categories: governmental funds and fiduciary funds.

Government funds. Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the Agency's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Agency's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the Agency. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the Agency's own programs. The accrual basis of accounting is used for fiduciary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net assets may serve over time as a useful indicator of a government's financial position. In the case of the Agency, assets exceeded liabilities by \$8,164,271 as of December 31, 2006.

The Agency's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets, and the depreciation of capital assets.

The following tables present a summary of the Agency's derivation of net assets for the fiscal year ended December 31, 2006.

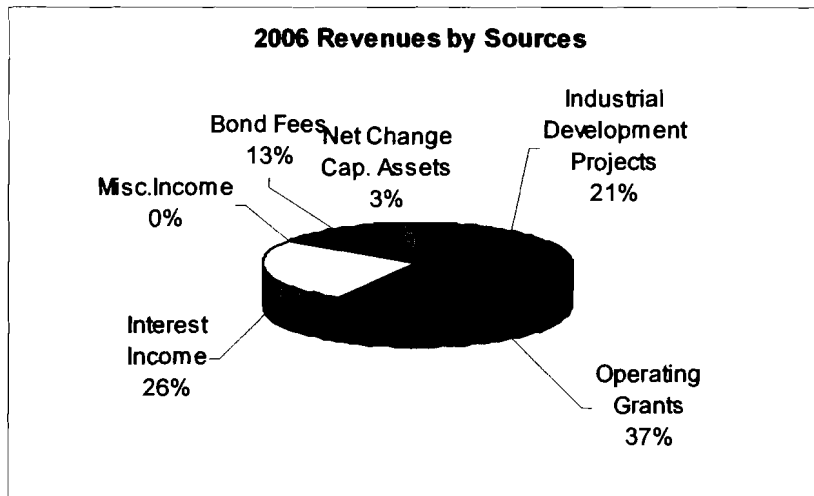

Table 1

2006		2005	
Total Current Assets	2,361,187	Total Current Assets	\$1,490,813
Total Fixed Assets (Net)	4,634,671	Total Fixed Assets (Net)	4,656,765
Total Other Assets	3,094,316	Total Other Assets	3,230,201
Total Assets	<u>\$10,090,174</u>	Total Assets	<u>\$9,377,779</u>
Total Liabilities	1,925,903	Total Liabilities	1,298,574
Total Net Assets	<u>8,164,271</u>	Total Net Assets	<u>8,079,205</u>
Total Liabilities & Net Assets	<u>\$10,090,174</u>	Total Liabilities & Net Assets	<u>\$9,377,779</u>

Changes in the Agency's Net Assets can be determined by reviewing the following condensed Statement of Revenue, expenses and Changes in Net Assets at the end of the year.

Table 2

2006		2005	
Total Industrial Development Project (IDP) Revenue	\$ 504,817	Total Industrial Development Project (IDP) Revenue	\$ 843,302

Change in Net Assets	85,066	Change in Net Assets	186,437
Prior Year Adjustment	00		175,000
Net Assets – Beginning of Year	<u>8,079,205</u>	Net Assets – Beginning of Year	<u>7,717,768</u>
Net Assets – End of Year	\$ 8,164,271	Net Assets – End of Year	\$ 8,079,205

CASH AND INVESTMENT POLICY

The St. Lawrence County Industrial Development Agency finds it necessary to place funds in various deposit accounts or certificates of deposit. Article 18A, Section 858(14) of the State General Municipal Law authorizes the Agency to designate depositories. In accordance with this Article, six (6) banks are designated as depositories for Agency funds. Rates are competitively procured for each deposit, with no more than 60% of its total investments in any one institution.

CONTACTING THE AGENCY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers and creditors with a general overview of the Agency's finances and to demonstrate the Agency's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Agency's Chief Executive Officer at 80 State Highway 310, Suite 6, Canton, New York 13617.

ST. LAWRENCE COUNTY INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2006 AND 2005

NOTE 1 – SUMMARY OF CERTAIN SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the St. Lawrence County Industrial Development Agency (the “Agency”) have been prepared in conformity with generally accepted accounting principles (GAAP) as apply to governmental units. Those principles are prescribed by the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

Certain significant accounting principles and policies utilized by the Agency are described below:

A. Reporting entity:

The reporting entity of the Agency is based upon Criteria set fort by GASB Statement 14, The Financial Reporting Entity. The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

The accompanying financial statements present the activities of the Agency. The Agency is a component unit of the County of St. Lawrence, New York State.

1. Nature of Organization

The Agency is an industrial development agency duly established under Title 1, Article 18-A of the General Municipal Law of the State of New York and Chapter 358 of the laws of 1971 of the State of New York, and is a corporate governmental agency constituting a public benefit corporation of the State of New York. The Agency is exempt from federal, state and local income taxes.

B. Basis of presentation:

1. Agency-wide statements:

The Statement of Net Assets and the Statement of Activities present financial information about the Agency’s governmental activities. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary.

ST. LAWRENCE COUNTY INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2006 AND 2005

The Statement of Activities presents a comparison between direct expenses and program revenues for each function of the Agency's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Program revenues include charges paid by the recipients of services offered by the programs, and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

2. Fund financial statements:

The fund statements provide information about the Agency's funds, including fiduciary funds. Separate statements for each fund category (governmental and fiduciary) are presented. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column.

The Agency reports the following major governmental funds:

General Fund: This is the Agency's primary operating fund. It accounts for all financial transactions that are not required to be accounted for in another fund.

Fiduciary Fund: This fund is used to account for fiduciary activities. Fiduciary activities are those in which the Agency acts as trustee or agent for resources that belong to others. These activities are not included in the Agency-wide financial statements, because their resources do not belong to the Agency, and are not available to be used.

C. Measurement focus and basis of accounting

The Agency-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the Agency gives or receives value without directly receiving or giving equal value in exchange, may include grants and donations. On an accrual basis, revenue is recognized in the fiscal year for which the revenue is earned. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

ST. LAWRENCE COUNTY INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2006 AND 2005

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The Agency considers all revenues reported in the governmental funds to be available if the revenues are collected within 90 days after the end of the fiscal year.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt or claims and judgments, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds.

D. Cash and investments:

The Agency's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition. New York State law governs the Agency's investment policies. Resources must be deposited in FDIC-insured commercial banks or trust companies located within the State. Permissible investments include obligations of the United States Treasury, United States Agencies, repurchase agreements and obligations of New York State or its localities. Collateral is required for demand and time deposits and certificates of deposit not covered by FDIC insurance. Investments are stated at fair value.

E. Capital assets:

Capital assets are reported at actual cost for acquisitions subsequent to 1995. Assets acquired prior to 1995 have been disposed of in prior periods in the ordinary course of business.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the Agency-wide statements are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Buildings	\$ 5,000	Straight Line (SL)	40 yr.
Building improvements	1,000	SL	10 yr.
Automotive equipment	800	SL	5 yr
Furniture and equipment	100	SL	7 yr.

ST. LAWRENCE COUNTY INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2006 AND 2005

F. Budgetary procedures and budgetary accounting:

The Agency administration prepares a proposed budget for approval by the Board of Directors for the following governmental funds for which legal (appropriated) budgets are adopted:

General Fund

Appropriations are adopted at the program line item level.

Appropriations established by the adoption of the budget constitute a limitation on expenditures (and encumbrances) which may be incurred. Appropriations lapse at the end of the fiscal year unless expended. Budgets are adopted annually on a basis consistent with *GAAP*.

NOTE 2 – EXPLANATION OF CERTAIN DIFFERENCES BETWEEN GOVERNMENTAL FUND STATEMENTS AND AGENCY-WIDE STATEMENTS

Due to the differences in the measurement focus and basis of accounting used in the governmental fund statements and the Agency-wide statements, certain financial transactions are treated differently. The basic financial statements contain a full reconciliation of these items. The differences result primarily from the economic focus of the Statement of Activities, compared with the current financial resources focus of the governmental funds.

A. Total fund balances of governmental funds vs. net assets of governmental activities:

Total fund balances of the Agency's governmental funds differ from "net assets" of governmental activities reported in the Statement of Net Assets. This difference primarily results from the additional long-term economic focus of the Statement of Net Assets versus the solely current financial resources focus of the governmental funds Balance Sheets.

ST. LAWRENCE COUNTY INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2006 AND 2005

B. Statement of Revenues, Expenditures and Changes in Fund Balance vs. Statement of Activities:

Differences between the governmental funds Statement of Revenues, Expenditures and Changes in Fund Balance and the Statement of Activities fall into one of three broad categories. The amounts shown below represent:

1. Long-term revenue differences:

Long-term revenue differences arise because governmental funds report revenues only when they are considered "available", whereas the Statement of Activities reports revenues when earned. Differences in long-term expenses arise because governmental funds report on a modified accrual basis, whereas the accrual basis of accounting is used on the Statement of Activities.

2. Capital related differences:

Capital related differences include the difference between proceeds for the sale of capital assets reported on governmental fund statements and the gain or loss on the sale of assets as reported on the Statement of Activities, and the difference between recording an expenditure for the purchase of capital items in the governmental funds statements and depreciation expense on those items as recorded in the Statement of Activities.

3. Long-term debt transaction differences:

Long-term debt transaction differences occur because both interest and principal payments are recorded as expenditures in the governmental funds statements, whereas interest payments are recorded in the Statement of Activities as incurred, and principal payments are recorded as a reduction of liabilities in the Statement of Net Assets.

ST. LAWRENCE COUNTY INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2006 AND 2005

NOTE 3 – MORTGAGES RECEIVABLE

The Agency has loaned mortgage money to local development organizations and has sold real estate subject to mortgages held by the Agency. The mortgages receivable as of December 31, 2006 and 2005 consist of the following:

<u>Mortgages</u>	<u>Interest Rate</u>	<u>Maturity</u>	<u>Collateral</u>	<u>Original Amount</u>	<u>2006</u>	<u>2005</u>
Ansen Corporation	1/2 prime + 1%	08/01/13	Mortgage of Corporate Facility	\$ 205,000	\$ 143,586	\$ 162,737

Empire State Development Corporation	3%	12/01/14		100,000	82,322	91,294
Greater Massena Economic Development Fund	3.375%	12/01/19		600,000	535,792	567,936
St. Lawrence County IDA-LDC	3%	12/01/15		217,204	197,643	217,204
Current Portion					1,173,356	1,272,545
					(100,928)	(97,605)
Long-Term Debt (Net)					<u>\$ 1,072,428</u>	<u>\$ 1,174,940</u>

Future maturities on long-term debt are as follows:

2007	\$ 100,928
2008	105,702
2009	109,351
2010	105,666
2011	87,451
Thereafter	<u>664,258</u>
Total	<u>\$ 1,173,356</u>

ST. LAWRENCE COUNTY INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2006 AND 2005

NOTE 6 - INDUSTRIAL REVENUE BOND ISSUES

At the date of these financial statements, the Agency had participated in forty-four such bond issues in the total original issue amount of \$649,065,700. These issues were made at various times between February, 1973 and December 31, 2006. These issues are not reflected in the financial statements since they are considered to be special obligations of the Agency having no claim on the general assets or general funds of the Agency.

NOTE 7 - ST. LAWRENCE COUNTY IDA LOCAL DEVELOPMENT CORPORATION

On April 29, 1986, the Agency created a Local Development Corporation known as the St. Lawrence County Industrial Development Agency - Local Development Corporation (IDA-LDC). St. Lawrence County assigned all of the loan repayments from the County Community Development Block Grant (CDBG) projects to the Agency for the purposes of establishing a county wide revolving loan fund. Upon the formation of the IDA-LDC, the Agency assigned all of its rights in the CDBG assignment to the IDA-LDC for collection and administration.

NOTE 8 - POTSDAM TECHNOLOGY DEVELOPMENT CENTER

On June 8, 1987, the Agency and the Northern Advanced Technologies Corporation (NATCO) executed a 50 year ground sublease by which the Agency leased 3.62 acres of land at the NATCO Research Park in Potsdam, New York, for the purpose of constructing a research and development building thereon. On September 19, 1988, the Agency concluded a loan with NATCO for \$145,000 for the construction of the building. The loan's interest rate is set a 0% and the loan's term is indefinite. The loan agreement requires that the Agency make payments to NATCO calculated according to the following formula: if the building's cash flow is positive after the bank and Urban Development Corporation's debt amortization, the building's general operation and maintenance costs, the Agency's preferred return on its equity, and a contribution to a capital reserve fund have been paid, then the Agency must pay 50% of the excess to NATCO. The Agency must distribute the other 50% of the excess to the various taxing jurisdictions as a payment in lieu of taxes. At this date no payments have been required.

NOTE 9 - SECOND MASSENA INDUSTRIAL BUILDING - LOT 17

On July 20, 1989, the Agency authorized the construction, financing and leasing of a new 20,000 square foot light industrial building on lot #17 of the Massena Industrial Park. This building was sold to Farley Windows and Michelle Audio in December 2005.

ST. LAWRENCE COUNTY INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2006 AND 2005

NOTE 10 - THIRD MASSENA INDUSTRIAL BUILDING - LOT 11

In July, 1994, the Agency authorized the construction of a 20,000 square foot shell building on lot #11 in the Massena Industrial Park, which was completed in 1996.

In July, 1995, the Agency authorized borrowing with the IDA-LDC to finance the construction of the building. Advances made by the IDA-LDC through 1996 amounted to \$414,535, and the building was completed. As of December 31, 1998, permanent loan financing had been authorized by the Agency with the interim loan kept in place, until closing of permanent financing, which was expected in April, 1999. The Agency was not able to close as expected, due to a land contract with the Massena Development Corporation. In order to provide the IDA-LDC with a final mortgage on the facility, the Agency had to pay off the land contract and acquire title to the property. In the interim, the Agency resolved to increase the loan for the IDA-LDC to \$600,000 to cover the complete cost of the building plus accrued interest. In May of 1999, permanent financing in the amount of \$350,000 was executed with the IDA-LDC. In May, 2000, the Agency satisfied the outstanding note in the amount of \$338,544 due to the IDA-LDC and received additional permanent financing from the IDA-LDC in the form of a \$250,000 promissory note maturing on 9/1/10.

NOTE 11 - GOUVERNEUR INDUSTRIAL PARK

In November, 1991, the Agency passed a resolution which authorized the construction of a 15,000 square foot light industrial building to be called the First Gouverneur Industrial Building, in the Gouverneur Industrial Park in Gouverneur, New York. The building was completed in June, 1993.

On June 5, 1992, the Agency authorized borrowings with the IDA-LDC in order to finance the construction of the building. A grant from the Farmers Home Administration was also received for the construction in the amount of \$100,000. In October, 1993, a final promissory note was executed with the IDA-LDC in the amount of \$273,000 with the loan term set at twenty years, with interest at the rate of one percent (1%) per annum for years one through five of the term, three percent (3%) per annum for years six through ten of the term and five percent (5%) per annum for the remainder of the term.

ST. LAWRENCE COUNTY INDUSTRIAL DEVELOPMENT AGENCY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2006 AND 2005

NOTE 12 - MICHELLE AUDIO DEBT RESOLUTION

During 2005, Michelle Audio of America entered into a corporate restructuring plan. In an effort to assist Michelle Audio with its restructuring plan, the IDA took the following steps:

- May 2005 - The IDA accepted as payment in full for the lease purchase of Lot 16 the accrued equity in the Lot 13 lease/purchase obligation. Michelle Audio vacated the Lot 13 property on 7/13/2005.
- December 2005 - The IDA agreed to take possession of Lot 20 and in exchange for the value of the property, the IDA paid off, on behalf of Michelle Audio the following:
 - > IDA lease/purchase for Lot 17 dated 10/30/03
 - > IDA and IDA-LDC loans for Lot 20 dated 12/1/03
 - > Available balances of all PILOT and PILOT related debt
 - > The remaining amount, \$209,664 was paid to Michelle Audio
 - > The Lot 20 property was vacated by Michelle Audio on 4/15/2006

NOTE 13 - LITIGATION

There are several miscellaneous public improvement liens on projects which the Agency "owns". However, no actions have been commenced to foreclose these liens. Should actions be commenced, counsel advises that the Agency will take appropriate measures.

NOTE 14 - PRIOR PERIOD ADJUSTMENT

Following an in-depth review of the aging long term liabilities of \$100,000 and \$75,000 with the Farmers' Home Administration (currently known as USDA-Rural Development), it was determined that they should have been recorded as grants in 1992 and 1980, respectively rather than loans. Management has therefore reclassified the former liabilities to net assets of the Agency as of December 31, 2005.

**REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER
MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors
St. Lawrence County Industrial Development Agency
Canton, New York 13617

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the St. Lawrence County Industrial Development Agency as of and for the year ended June 30, 2006, which collectively comprise the St. Lawrence County Industrial Development Agency's basic financial statements and have issued our report thereon dated February 23, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the St. Lawrence County Industrial Development Agency's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the St. Lawrence County Industrial Development Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provision of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the Board of Directors, and pertinent federal awarding and pass-through agencies and is not intended to be and should not be used by anyone other than these specified parties.

We have audited the financial statements of the St. Lawrence County Industrial Development Agency for the year ended December 31, 2006 and have issued our report thereon dated February 23, 2007. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility under Generally Accepted Auditing Standards

As stated in our engagement letter dated February 23, 2006, our responsibility, as described by professional standards, is to plan and perform our audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement and are fairly presented in accordance with generally accepted accounting principles. Because an audit is designed to provide reasonable, but not absolute, assurance and because we did not perform a detailed examination of all transactions, there is a risk that material errors, fraud, or other illegal acts may exist and not be detected by us.

As part of our audit, we considered the internal control of the St. Lawrence County Industrial Development Agency. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning internal control.

Significant Accounting Policies

Management has the responsibility for selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the St. Lawrence County Industrial Development Agency are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2006. We noted no transactions entered into by the Agency during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We noted no significantly sensitive estimates affecting the December 31, 2006 financial statements.

37

Audit Adjustments

For purposes of this letter, professional standards define an audit adjustment as a proposed correction of the financial statements that, in our judgment, may not have been detected except through our auditing procedures. An audit adjustment may or may not indicate matters that could have a significant effect on the Agency's financial reporting process (that is, cause future financial statements to be materially misstated). In our judgment, none of the adjustments we proposed, whether recorded or unrecorded by the Agency, either individually or in the aggregate, indicate matters that could have a significant effect on the Agency's financial reporting process.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Agency's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Issues Discussed Prior to Retention of Independent Auditors

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Agency's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

In planning and performing our audit of the financial statements of the St. Lawrence County Industrial Development Agency (the Agency) for the year ended December 31, 2006, we considered the Agency's internal control structure in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the internal control structure does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

The accompanying comments are submitted as constructive suggestions to assist you in improving controls and procedures. These recommendations have been previously discussed with appropriate management personnel and are set forth in this letter as a mutual record of the discussions and for such follow-up as you may consider appropriate.

We appreciate the cooperation and courtesy extended to us by the management and employees of the St. Lawrence County Industrial Development Agency. We would be pleased to discuss our recommendations with you in further detail, as you may desire.

This report is intended solely for the use of management and members of the Agency Board and is not intended to be and should not be used for any other purpose.

Very truly yours,

Hooper & Van House CPA's

Comments and Recommendations
December 31, 2006*

Comment:

In conducting our audit, auditing standards generally accepted in the United States require us to confirm significant asset and liability balances with third parties whenever possible. To that end, we mailed Standard Bank Confirmation forms to your major depository banks. Again this year a response letter was received from HSBC Bank USA, National Association stating that in order to provide a response to the Auditors' Standard Bank Confirmation, they would need a \$25 processing fee sent to them. The Agency may want to review its service requirements with this banking institution where it has well over \$2,000,000 on deposit.

Recommendation:

The banking industry is based on service. As banks expand and acquire other banks, sometimes services suffer and fees increase. We recommend that banking relationships be reviewed annually to evaluate the pros and cons of each such relationship and to guide you in deciding which institutions you conduct business with.
